

**Philosophy of Emmaus Student Ministries
as outlined by the
Student Ministries Task Force**

Emmaus Student Ministries exists to give God the glory by . . .

- Partnering with parents in their God-given role of Biblical teaching and training toward the spiritual growth of their children
- Equipping parents to be the primary disciple-makers of their children
- Facilitating mentorship opportunities for students
- Integrating students into the life of the church so they understand their role in corporate worship
- Providing opportunities for students to lead and serve in the student ministry and/or the church as a whole, using their God-given talents
- Empowering team leaders to carry out the various roles of the ministry
- Creating a supportive environment where the Student Ministries Pastor collaborates with a team of parents, adults, and student leaders
- Coordinating outreach opportunities for students that fit our church and our community
